

Doritos Ranch & Bacon Chicken

Serves 6

6 Chicken Breasts
1/2 lb Bacon (cooked and chopped)
1 8oz Package Cream Cheese
1/2 packet ranch seasoning
2 Cups shredded cheddar cheese
2 Cups Crushed Ranch Doritos

Preheat grill or oven to 400 degrees

Cut deep slit along side of each breast (almost cutting breast in half) stuff with some cheddar cheese. Lay breasts in baking dish. Continue this step with each.

Mix ranch seasoning, cream cheese and what is left of shredded cheese in bowl and mix together. Spread evenly over top of chicken dish.

Crush or process chips until small even pieces and spread evenly on cream cheese mixture. Place dish in oven for 40-45 minutes until internal temp is 165 degrees. (If top starts burning, cover dish lightly in aluminum foil.)

Take out of oven and let rest 5-10 minutes. Sprinkle chopped bacon on top and serve! Place chicken on top rack or on a cooling rack in center of grill. Grill for 35-40 minutes until internal temp is 160 degrees. Remove and let rest for 5-10 minutes to finish cooking and cool down.

Using a meat cleaver or large chefs knife, section the chicken into large pieces and serve!
